**Vulnerability Assessments: Research, Methods, Use, and
Examples Relevant to Madrean Watersheds LCD**

February 2019

This bibliography includes literature on vulnerability assessments (VAs) potentially applicable to the Madrean Watersheds LCD, and also papers on methods for assessing vulnerability and incorporating VAs into planning. If a paper is not in the [VA Annotated Bibliography](#), available for download in Excel format with links to access original material, a link is provided to the source online.
